Special Note on Davout and 3rd Corps:
 These are listed as alternate reinforcements for the approach to battle in rule 24.24. This means that if an alternate reinforcement card is played the listed units immediately leave their March Order. Once any 3rd corps units exit the map they cannot re-enter as alternate reinforcements (they are now too busy engaging Prussian troops around Königsberg). ALSO note the provision in rule 24.32 that means that the 3rd Corps march order is cancelled if any Russian troops enter the Eylau map.
