

The Coming Storm Update

22 June 2016

Errata for the series rules for The Library of Napoleonic Battles, the Combat Tables Folder, and the Adding the Card rules are not included here. Use the versions of those components published with the most recent series game.

In addition, use the Study Folder, Casualty Record, and Turn Record components from The Coming Storm Update Kit, which can be downloaded from:

<http://www.napoleongames.com/files.html>.

Counters

- The Prussian Leader Alt Larisch should have a “6” instead of an “M.”
- Yurkovski (Russian), Pelet (Prussian), and Heyking (Prussian) may be replaced by Vedettes as if they were LC units.

Maps

- There is no additional MP cost or combat strength impact where there is a slope on a stream hexside, such as in Eylau hex 0330, 0430, or 0531.
- Ignore little bits of woods such as shown on the Pultusk map in hexes 0147, 0305, 1115, 0601, 2850, 0537, 0714, and 1915; or on Jena 3150 and 3249.
- Jena map: Assume there is a Trestle wherever a trail crosses a stream.

Card Deck

- Card No. 7, Turning Movement (*addition*): “Any formation, stack* or unit in Supply ...”
* if all units in a stack are of the same division.
- Card No. 17, Cavalry Pursuit (*clarification*): Ignore the first sentence. The Cavalry Impetus rule was deleted from this game.
- Card No. 26, Reinforcements Take Another Route: Mark this card as having an Enduring Effect.
- Card No. 27, Delay: As with Card No. 25, play of this card applies to all units of a formation, even those arriving in later turns. If more than one force is scheduled to arrive on the same turn, the person playing the card chooses which is affected.
- Card No. 28, Heavy Cavalry & Combined Arms: Remove all of these cards from the game.

Study Folder

19.24: Replace the first sentence of the second paragraph with this:

All Baggage Trains set-up within [7] hexes of any unit in their respective formation or enter as reinforcements, unless otherwise specified. French and Coalition corps generally have their own dedicated baggage trains (below). However, any number of Russian units can trace to any Russian baggage train.

- If a train is mentioned in the reinforcement schedule it enters as specified.

- If an entire formation is listed as a reinforcement on a single turn, the baggage and pontoon trains arrive after all combat units.
- If a formation arrives over several turns, the trains arrive at the owner’s choice of time.
- If part of the formation sets up on map and part arrives later as a reinforcement, trains set up or arrive with either group at owner’s choice.

19.26: In the second sentence, change the player order: The *second* player deploys all his vedettes first, then the first player deploys his.

20.16: Change the first sentence to read:

Add or subtract the VP Value of each card you have played during the game, if that card’s event was actually used, as specified on the card.

20.41: A player gets 4 VPs for *each* baggage train exited.

20.41 EXCEPTION: Change this to read:

The total number of VPs from exiting units may not exceed the total number of enemy combat units PEU and UAR.

The Battle of Jena-Auerstädt

21.21 & 21.24: Because the 1st Hussars start in play, place Milhaud in the Full Strength Holding Box at the start of the game. In the French Alternate Reinforcement group #1, replace Milhaud with the 13th Chasseurs vedette. This will allow Milhaud to build up should his second vedette enter play.

21.22 & 21.25: Dyherrn should be marked ® (Reduced).

21.33: Brunswick may command any one formation of his choice in a given turn, not necessarily 1A.

21.38: Check supply on the first turn of the Day of Battle scenario.

21.52: The number of Prussian Mode cards for the Approach to Battle scenario should be 3.

The Battle of Pultusk-Golymin

22.33: An artillery unit is still immobilized even if the weather improves.

22.52: The number of French Mode cards for the Approach to Battle scenario should be none.

The Battle of Eylau

23.52: The number of French Mode cards for the Approach to Battle scenario should be none.

23.63: Removed LC Vialanes as an 8PM reinforcement as he starts on-map per 23.61.

The Battle of Friedland

24.21: Change the setup for the three Res units to read “in the Sortlack woods north of hexrow 30xx.”

24.24: The note “(Approach to Battle Only)” means that the indicated units are released from their mandatory March Orders (24.32) when their ALT group enters play.

24.35: Ignore this section as Bennigsen has been removed from play in the updated Study Folder. Zero command points due to illness.

24.36: (new special rule) Treat Lannes as a [2] Commander in the Friedland scenarios.
